## **RULES OF PLAY**

### **Play 12 Rounds**

**4 Players to a table, two teams of two.**

**4 Rounds at each Table. Each player will only deal ONCE at each table. Cards are always dealt to the left of the dealer.**

**If everyone passes at the table, the dealer is stuck with 2 and must play their cards.**

**16 available chips per table. Chips are handed out for each point won.**

**If you bump, the team loses that amount of chips and both pay \$1 immediately.**

**(Committee Members will be around to collect bump money).**

**No below the board scoring (if you bump and do not have chips to cover the bid, you just pay your \$1 bump).**

**After playing 4 hands the team with the most chips moves to the next table. If tied, one player from each team will draw for high card. High Card moves to next table. Remember you MUST have a new partner at the next table.**

**If a team reneges, the other team gets the chips bid and the team that reneges loses that amount. During play, once a trick has been taken, cards go face down – no peeking after next card hits the table.**

**\$1 Bumps – Each bump will cost an additional \$1 for you and your partner at your table (paid immediately)**

**Bumps will be collected after each game by a committee member.**

**Bid 4 and Make it – a player that BIDS 4 and makes it will receive a ticket to be entered into a drawing at the end of the night to win up to \$100. MAKE SURE YOU GET A COMMITTEE MEMBERS ATTENTION TO GET YOUR TICKET.**

**You will receive a packet at the door to log your scores.**

**You will put “table #” and “score” for each table you play at.**

**Each player must record their score using a 3-digit scoring system.**

**Only record you score after all four hands have been played.**

**Example: you score 6 chips, sheet must read 006. If you score 10 chips, sheet must read 010.**

**Opponents MUST initial your score sheet. No opponents initial will result in you forfeiting your points.**

**Please give sheets to a Committee member after 3 rounds to be turned into the scoring table.**

**Winners move to the next table. Losers stay!! Switch Partners. You may NOT have the same partner the next game win or lose.**
